

Dear patients,

In an effort to focus medical care and resources where they are needed most during COVID-19, The Dental Colleges are allowing us to treat emergency cases now. Our team supports this recommendation and we will continue to postpone elective dental procedures until after that date and all government restrictions are lifted.

Of course, your health and dental care are always important to us, and we are standing by to help you with any dental related emergency or question you may have. Please do not hesitate to contact us at **000.000.0000** if you need us.

Stay safe.
